Welcome to a meeting of the Mapleton Public School Board of Education!

The board's meeting time is dedicated to addressing Mapleton's mission and top-priority focus areas.

"Public Participation" is an opportunity during the business meeting to present brief comments or pose questions to the board for consideration or follow-up. Each person is asked to limit his or her comments to 3 minutes.

If you are interested in helping Mapleton's efforts, please talk with any member of the district leadership team or call the district office at 303-853-1015. Opportunities abound.

Your participation is desired.

AYES: Ms. Croisant, Mr. Emmert, Mrs. Frank, Mrs. Yantorno, and Mr. Flores

Motion carried 5-0.

10.0 FOCUS: COMMUNICATION

10.1 District Calendar Adoption

Mr. Molinaro presented the second draft of the District calendar for the 2008-2009 school year. There will be ten late starts provided by the District. If a school chooses to add or delete from this number they will be required to buy their transportation services from their building budget. Another change was moving senior graduation to the last day in May. Individual school calendar waivers will be presented at the next Board meeting on March 11, 2008.

MOTION: By Ms. Croisant, seconded by Mr. Flores, to approve the District calendar for 2008-2009 as presented this evening.

AYES: Ms. Croisant, Mr. Emmert, Mrs. Frank, Mrs. Yantorno, and Mr. Flores

Motion carried 5-0

11.0 FOCUS: DASHBOARD INDICATORS

11.1 Explore and Plan Results

Dr. Kirby presented results from the Explore test, administered to all 8th grade students, and the Plan tests, administered to all 10th grade students. In addition to providing comparisons of Mapleton student achievement to the achievement of same grade students across the nation, these assessments also provide valuable information about students' future aspirations and plans. *A detailed copy of Dr. Kirby's report is attached with these minutes.*

11.2 Benchmark Assessment Results

Dr. Kirby said that Mapleton uses the Measurement of Academic Progress (MAP) to assess student achievement periodically throughout the course of the school year. The MAP is a standardized, computerized assessment used to measure student achievement in the areas of reading, language arts, and math. The first MAP this year was completed in October, and the most recent administration was completed in early February. Dr. Kirby compared student scores to the national average and from fall to winter. There is strong evidence that the achievement of this year's student population has trended up as the school year has progressed from fall to winter. *A detailed copy of Dr. Kirby's presentation is attached with these minutes.*

12.0 DISCUSSION OF NEXT AGENDA

Mrs. Frank said that currently on the next Agenda we have: the final school calendars for 2008-2009, DAAC Quarterly Update, and Kindergarten Roundup Report.

13.0 SUPERINTENDENT'S COMMENTS

Ms. Ciancio said that today was a day that makes her job exciting and the work worth it. She started her day at the Colorado Department of Education for a press conference along with Susan Gerhart regarding Valley View. Valley View was honored as among the state's best at beating the odds and getting low-income kids to succeed. The newspapers are doing an article for tomorrow's paper. Channel 9 news did a piece on the 4 p.m. news tonight. Valley View was the only metro school to meet the criteria.

Ms. Ciancio thanked the Board for participating in the CASB winter session last week. She congratulated Mr. Flores for helping her testify against Senate bill 98, the English competency bill. Unfortunately it passed and will go to the Senate. Senate Bill 130, the school autonomy bill, just had new language added so we need to look at it. This bill was originally targeted for Denver Public Schools, but will affect the entire state if passed. Damon Brown will be coming home on Thursday from his tour in the Iraq and will be returning to work on March 10.

14.0 BOARD COMMITTEE UPDATE

Mr. Flores reported on the Mapleton Education Foundation. The next upcoming event is a Run/Walk, Mapleton on the Move, May 3, to be held at Elaine Valente Park, 104th & McKay. The Gala committee is started to form. They are targeting a Friday in October. The scholarship process has begun. They need help reviewing applications on March 3 at 4 p.m. They will be awarding \$50,000 this year. Mr. Flores also participated with Mr. Molinaro and did mock interviews for Daniels Scholarship applicants. Mapleton has ten finalists this year. It was a great experience to see how well these students have done.

Mrs. Frank said they all went to see Ms. Ciancio and Mr. Flores testify about the pending legislation. It was a very interesting day.

15.0 SCHOOL BOARD REMARKS

Mr. Flores congratulated Cassie Gallegos again for winning the Boettcher Scholarship. It is a big honor.

Mrs. Frank congratulated Cassie Gallegos also on her great accomplishment. It is worth all the work to get a student like that. Mrs. Frank said that it is exciting news about Valley View and it makes us proud to be part of this system. The CASB Board was invited by CDE to look at their new way of measuring student growth. CDE will be presenting this in the near future.

Mrs. Frank and the Board directed District staff to go out into the community for the next 90-120 days to gather information and opinions regarding District needs to help inform the Board on the possibility of a 2008 Bond Election.

16.0 NEXT MEETING NOTIFICATION

The next regular Board meeting is scheduled at 6:00 p.m. on Tuesday, March 11, 2008, at the Administration Building.

17.0 ADJOURNMENT

The Board motioned to adjourn at 6:59 p.m.

SUBJECT: Student Travel: Skyview Academy

Description:

Skyview Academy High School is requesting Board approval for two students to attend the Future Business Leaders of America (FBLA) State Competition in Vail, Colorado on April 20-22. Dave Sauer, FBLA advisor, will also be attending and will be using his personal vehicle as transportation. The school's two student representatives will participate in leadership activities and will compete in state-only events against other FBLA students from the entire state.

Cost and Source of Funding:

Lodging, transportation, registration fee and meal expenses of approximately \$1,161.00 will be completely funded from the school's Vocational Education general fund accounts.

Outcomes:

Skyview Academy's student representatives will have the opportunity to participate in leadership activities and FBLA state organization activities. All activities help students develop leadership skills through interaction with other FBLA chapters. FBLA is a strong national organization that is successful in promoting student growth.

SUBJECT: REQUEST FOR STUDENT TRAVEL – York International

Description:

Paul Frank, Director of York International, is requesting Board approval for 7 senior students from the Life Skills Program to visit Eastern New Mexico University in Roswell, New Mexico, from April 28 -May 1, 2008. The opportunity for students with significant disabilities to attend a college that is geared toward their learning style is extremely limited. Eastern New Mexico University (ENMU) is the only accredited 2- year college in this region of the country that provides a post-secondary education while attending to the life skills needs of students with significant disabilities.

The core value of the Life Skills Program at York is to meet and exceed the goals of each student's transition plan and to provide the students with an education that has a coordinated set of experiences which will allow each student to become as independent of an adult as possible. An experience such as this will foster students' skills of independence as well as enhance their transition to post- secondary education. While on campus, the students will have an opportunity to simulate a typical day at college, including: dorm living; eating at the campus cafeteria; visiting classes; meeting students, instructors and financial aid personnel; and navigating their way around campus. Sallie Simpson, Transition Coordinator, and Patrick Denevan, School Social Worker, will accompany students.

Cost and Source of Funding:

Lodging/Food: The students and staff will stay in university housing on campus for 3 days, at a cost of \$20.00 per night per person (total: \$600). Students and staff will eat at the university cafeteria for 2 days, at a cost of \$ 30.00 per person (2 days) and 2 days during travel, at a cost of \$20.00 per person (total: \$ 1,000.00).

The costs for lodging will be covered by the special education federal grant. An approved fundraiser will cover the costs for food.

Transportation:

Appropriate, district-approved transportation will be provided by a District-trained bus driver to take students to ENMU on Monday morning, April 28, and will return on Thursday, May 1. Students will receive door-to-door service.

The total estimated cost will be \$1,940.00 and will be covered through the special education federal grant.

Outcomes for Students:

- To reduce the student's fear of the unknown as it relates to attending a college that is away from home.
- To have students use their enthusiasm to reduce their parents' fears of letting them attend a college that is out of state.
- To fuel the student's desire to pursue a post-secondary education.
- To provide students with an opportunity to visit a college campus that offers post-secondary education for students with significant cognitive challenges.
- To provide a rewarding experience so that students can apply the skills they have learned in their transition classes in a real-world setting.
- To strengthen the student's sense of mutual camaraderie and encouragement of each other.
- To develop the student's understanding of the entire college experience.

SUBJECT: 403(b) TAX-DEFERRED ANNUITY RESOLUTION TO PERMIT CONTRACT EXCHANGES

The Treasury Department and Internal Revenue Service recently published new regulations which pertain to our 403(b) retirement program. While these regulations are generally effective as of January 1, 2009, a provision of the regulations, which modify the rules regarding tax free transfers of employee 403(b) accounts, takes effect this year.

The District has worked with existing 403(b) vendors since September of 2007 to implement the processes needed to exchange information on 403(b) programs. The only remaining element is an official board resolution formally authorizing this exchange of information. This resolution is retroactive to September of 2007, though we haven't had anyone request a 403(b) move to date.

The resolution is attached.

SPECIMEN 403(b) TAX DEFERRED ANNUITY PROGRAM
RESOLUTION TO PERMIT CONTRACT EXCHANGES

WHEREAS, Mapleton Public Schools has established a retirement plan (the "Plan") under Section 403(b) of the Internal Revenue Code of 1986, as amended (the "Code");

WHEREAS, participants and beneficiaries under the Plan have been able to exchange contracts among various investment providers pursuant to Internal Revenue Service Revenue Ruling 90-24;

WHEREAS, the Internal Revenue Service has issued final regulations under Section 403(b) of the Code that would, in relevant part, require Mapleton Public Schools to share information with those investment providers recognized under the Plan to ensure compliance with Section 403(b) of the Code and the regulations thereunder for any contract exchanges made among these investment providers as permitted under the Plan on or after September 25, 2007;

WHEREAS, the Internal Revenue Service's final regulations under Section 403(b) of the Code require that, if the Plan permits exchanges among its recognized investment providers, Mapleton Public Schools must enter into a written agreement no later than January 1, 2009 with those investment providers receiving an exchange on or after September 25, 2007 and before January 1, 2009. In situations where the investment provider is first approved by the Plan on or after January 1, 2009, the written agreement must be entered no later than the date of the first exchange into a 403(b) contract issued by such investment provider.

BE IT RESOLVED THAT: Effective September 25, 2007 the Board of Education of Mapleton Public Schools (the "Board") authorizes District administration to share information with investment providers receiving contract exchanges under the Plan on or after September 25, 2007 and before January 1, 2009 to ensure compliance with Section 403(b) of the Code and the regulations thereunder;

BE IT FURTHER RESOLVED THAT: the Board authorizes Mapleton Public Schools to enter into an information sharing agreement no later than January 1, 2009 with investment providers receiving contract exchanges under the Plan on or after September 25, 2007, in accordance with the requirements of Section 403(b) of the Code and the regulations thereunder;

BE IT FURTHER RESOLVED THAT: the Board authorizes Mapleton Public Schools to enter into an information sharing agreement with any investment provider first receiving a contract exchange under the Plan after January 1, 2009 no later than at the time of the first such exchange.

SUBJECT: KINDERGARTEN REGISTRATION

The purpose of this report is to inform the Mapleton Board of Education about kindergarten enrollment and community communications to build awareness around district options for kindergarten.

Two community meetings were planned and organized by the Mapleton Welcome Center. These meetings were held at the Skyview campus on January 16 and January 28, 2008. The event was publicized in local newspapers and through direct mailings to households located within Mapleton's boundaries.

The kindergarten registration meetings were conducted as information/enrollment fairs. Upon arrival, parents watched the district's "Small Schools" video and received a brochure describing the district and its small schools. Next, parents met with a Welcome Center representative who provided them with enrollment materials and explained the kindergarten enrollment process. Then, parents were able to ask questions and obtain additional information about specific schools by visiting with school directors and school staff at various booths located throughout the Skyview cafeteria. Finally, parents met with Welcome Center staff again prior to leaving for assistance with completing registration forms and/or to answer any remaining questions.

All families attending one of the registration fairs received a copy of a book entitled The Kissing Hand. This book celebrates and recognizes school enrollment as a family right of passage. Copies of the book were available in both English and Spanish.

A total of 235 enrollment applications were received over the two day of kindergarten registration. Last year's kindergarten registration resulted in about 150 enrollment applications.

This report is being provided to the Board for the purposes of information and discussion. No Board action is being requested.

SUBJECT: DISTRICT ADVISORY AND ACCOUNTABILITY COMMITTEE (DAAC) UPDATE

The District Advisory and Accountability Committee (DAAC) meets several times a year to review and comment on areas of study provided annually by the Board of Education. These areas of study all pertain to accountability. Comments on areas of study are provided to the Board periodically throughout the school year.

DAAC met two times since the last Board update provided on December 11, 2007. These meetings were held on January 22, 2008, and February 26, 2008.

Progress Updates on Areas of Study:

1. **Participate in, and provide review and comment on, implementation plan for aligning and supporting activities of School Advisory and Accountability Committees (SAAC).** At the beginning of the year, DAAC liaisons were selected to participate in school SAAC teams' trimester review. These school reviews include a review of student progress data from MAP and a review of the school's progress on their school improvement plan. DAAC received liaison updates from these trimester reviews at the November and January meetings. Liaison reports indicated that all schools had reviewed MAP achievement data with their SAAC's. All SAAC's had also reviewed progress made to date on school improvement plans. Most SAAC liaisons reported their school was progressing as expected toward completion of strategies listed on the school improvement plans, although some liaisons reported reprioritization or modification of strategies based on assessment results or changes in a school's circumstances.
2. **Review and comment on District Safe Schools Plans for the 2007-2008 school year.** District administration reviewed its Safe Schools Plan for next school year with DAAC at its November and January meetings. DAAC felt the plan was very thorough and was consistent with practices occurring in the schools. DAAC members commented that the emergency response manual helped take a lot of the guesswork out of emergency response, and complimented the district on its use of staff training and practice. DAAC members voiced comments on several specific safety issues, including; 1) concern about Adams County Sheriff officers not knowing how to use key boxes to access schools during lockdowns, 2) concern about substitutes not being able to lock down their rooms because they are not typically issued keys to the rooms, 3) suggestion that parents be more involved in bullyproofing programs and interventions, 4) support for new keypad entry systems installed at some schools, and concern that not all schools have the keypad systems, 5) support for new security camera systems installed at

some schools, and concern that not all schools have security camera systems, and 6) concern that some schools do not have physical entrances that allow staff to effectively monitor who comes and goes through the front doors. DAAC members closed the conversation by suggesting that the district conduct a safety inventory at each school, then categorize and prioritize needs.

3. **Review and comment on district goals and objectives for the 2008-2009 school year.** District administration discussed draft improvement strategies for the 08/09 school year with DAAC at the January and February meetings. DAAC expressed support for the improvement strategies as presented. District administration will continue to seek DAAC input into the district improvement plan as the various components are drafted. The final component of the district improvement plan is goals/objectives.

SUBJECT: Dashboard of Indicators: School Support Team Visits

The purpose of this report is to give information and data to the Board regarding the School Support Team (SST) process from September 2007 through February 2008.

Since September 17th and 20th, all 16 of the District's schools were visited each month by their School Support Team. The four teams were made up of the following participants:

School Board Members: 3
Central Administration: 9
Building Administration: 20
Instructional Guides: 15
Parents: 37
Teachers: 88
Students: 1
Partner Consultants and CDE Reps: 6

As you may recall, each month the teams focus on collecting evidence around a critical question or area that has been identified at a central level for the entire system. Critical questions/focus areas for each month have included:

September	<ol style="list-style-type: none">1. Understanding the strengths and challenges in opening your schools this year. How is this year different from last year? How many new staff do you have? What kind of PD did you engage in with your staff over the summer and in August? What are your goals and focus areas for the school year?2. Understanding the use of achievement data at your school to drive instructional decisions. What did your data tell teachers about their instruction last year? How did last year's students do on CSAP and what adjustments should be made to the instruction that took place last year? What is the data telling each teacher about this year's students? Which students will need added interventions and supports?3. How will the feedback and information generated in the SST be systematically shared and discussed with the school staff?
October	<ol style="list-style-type: none">1. How much time is each teacher allocating for math instruction each day? 90 minutes? How are you monitoring the implementation of Everyday Mathematics, Connected Math and the effectiveness of your HS math programming? As we visit classrooms, we will be checking for the deep implementation.2. Does every classroom use essential questions (learning targets or daily objectives) to drive instruction? Are the targets posted? Are they made explicit to students? Are they higher level questions (Bloom's)? We are trying to move this area of focus from compliance to an effective practice.

	3. We would like to see evidence of deep instructional planning. Please ask teachers to have unit plans and lesson plans available as we walk in classrooms.
November	<p>School Improvement Plans (Please have copies of your SIP matrix available for the SST):</p> <ol style="list-style-type: none"> 1. What does the MAP data from late September tell you about your students and their needs at this point in the year, and how will you be addressing these needs? 2. What progress has been made to date on your school improvement plan; do you need to add, delete, or revise any of your improvement strategies? <p>MCREL:</p> <ol style="list-style-type: none"> 1. What will we see in classrooms directly related to ELL instruction and/or the current ELL professional development taking place in your school? 2. What training have you done with the MCREL content? What are your next steps before the next training in January?
January	Identify your school's cultural and/or instructional non-negotiables and help the team look for those things as we visit classrooms.
February	<p>Continue to focus on your non-negotiables as we visit classrooms, so please remind us of those during the pre-conference.</p> <p>Answer these questions regarding the School Improvement Plan process for your school:</p> <p>Who will be on your school improvement planning team, and what are the steps and timeline you will be following in developing your school improvement plan for 2008-2009?</p>

As you may also recall, during each visit, the teams identify things in the schools that are "working", as well as areas that are challenging or of concern. The Learning Services team then meets to look for patterns in these two areas. Our findings are as follows:

What's Working (District-wide):

- Implementation of Everyday Math is consistent across the district and teachers are committed to the program.
- The strategies learned in the MCREL work are being implemented in every school. Depth of implementation is variable.
- Focused effort to appropriately prepare students for the administration of CSAP.
- Learning targets are posted consistently across many classrooms in the district.
- Tremendous progress has been made with our 6th, 7th and 8th grade students in the areas of behavior expectations and student engagement.
- Most schools are using the strategic planning/School Improvement Planning process to guide their work as evidenced by the structuring of calendars, schedules, professional development activities, human resources and budgets.

Current Challenges/Concerns (District-wide):

- Lack of parent involvement on SSTs (in September. This has been remedied).
- Data not consistently used to drive instructional decisions at every school.
- Rigor/grade level expectations continue to be a concern in some classrooms.

- A deeper, more consistent implementation of ESL strategies is needed in every school across the system.

Next Steps (District-wide):

- Deep, focused implementation of effective ELL strategies as presented by MCREL in our district-wide trainings.
- Continue to closely monitor the implementation of Everyday Mathematics after CSAP administration.
- Continue to expect schools to use current data to drive instructional decisions.
- Ensure central administration continues to provide relevant data in a timely manner.
- Continue to closely monitor and support several schools as they refine and tighten their behavior expectations for students.
- Continue to provide monitor and provide support to schools as they collaboratively develop their School Improvement Plans and budgets for the next school year.

This is a summary of SST findings to date. Our next visits will occur on March 17th and 21st.

SUBJECT: DASHBOARD OF INDICATORS: Attendance Data

Board Policy JH lays the foundation for the district's student attendance expectations and interventions. This policy establishes the Board's belief that regular attendance in all classes is an integral part of the education process, noting that, "schools cannot teach pupils who are not present and the classroom experience can never be duplicated with assignments out of school."

Each year the district establishes a goal for daily student attendance as part of its district improvement plan. Last year's district-wide average attendance rate was 91%. This year's target rate for average daily attendance is 93%.

A report presented to the Board in October identified the district's average student attendance rate as 94% through the end of September. As of February 19, 2008, the district average student attendance rate remained at 94%. The district average daily attendance rate for the same period last year was 91%.

School average daily attendance rates through February 19, 2008, are as follows:

School	ADA October	ADA February
Mapleton District (All Grades)	94%	94%
Achieve Academy (K-8)	93%	94%
Adventure Elementary (K-6)	95%	95%
Clayton Partnership (K-8)	95%	94%
Enrichment Academy (K-6)	93%	95%
Explore Elementary (K-6)	96%	97%
Highland Montessori (PK-3)	93%	96%
Meadow Elementary (K-8)	97%	94%
Monterey Community (K-8)	96%	94%
Mapleton Early Learning Center (PK-K)	93%	94%
Valley View (K-8)	94%	95%
Front Range Early College (9-12)	95%	94%
Global Leadership Academy (K-12)	95%	92%
Mapleton Exploratory School of the Arts (8-12)	95%	91%
Mapleton Preparatory (9-12)	94%	90%
Skyview Academy (9-12)	87%	87%
Welby New Technology (9-12)	91%	92%
York International (K-9)	97%	95%

This report is being presented for the purposes of information and discussion. No formal Board action is required.

SUBJECT: DASHBOARD OF INDICATORS: Discipline Data

Superintendent Policy JIC/JK lays the foundation for the district's student discipline procedures. This policy establishes the Board's belief that effective student discipline is a prerequisite for sound educational practice and productive learning. This policy also establishes that, "in all instances, students shall be expected to conduct themselves in keeping with their level of maturity, acting with due regard for the supervisory authority vested by the Board in all district employees, the educational purpose underlying all school activities, the widely shared use of school property, and the rights and welfare of other students and staff members."

The Colorado Department of Education report requires districts to report the number of student discipline incidents that result in any of the following disciplinary actions: classroom suspension (CS), in school suspensions (ISS), out of school suspensions (OSS), expulsion (EXP), referral to law enforcement (RLE), and other. The numbers under Referral to Law enforcement are in parentheses because this action is usually taken in addition to some other disciplinary action (i.e., suspension). The table below summarizes recorded student discipline actions taken this year for each type of state-reportable incident:

Incident	CS	ISS	OSS	EXP	RLE	Other	07/08	06/07
Drugs			64	(1)	(62)		64	64
Alcohol			35	(1)	(35)		35	6
Tobacco							0	7
Assaults/Fights							0	0
Dangerous Weapons			5	(3)			5	12
Robbery							0	0
Other Felonies			2				2	0
Disobedience/Defiance		18	51			10	79	237
Detrimental Behavior		57	179	(2)	(31)	5	241	381
Destruction of School Prop.			3	(2)			3	10
Repeated Interference			2				2	NA
Other Violations		38	133	(2)	(8)	28	199	380
Total through 2/19/2008	0	113	474	(11)	(136)	43	630	
Total for 2006/2007 year	3	137	926	31	(131)			1097

The data in this chart represent recorded actions taken from the beginning of the school year through February 19, 2008. This time period is about 6 calendar months, which is a little more than two-thirds (67%) of the academic year. When these data are compared to data for the full 2006/2007 school year the following trends are noted:

- Overall, reportable discipline incidents are occurring at a pace that would result in lower reportable incidents this year compared to last year
- Out-of-school suspensions and expulsions are occurring at a pace that would result in lower reportable incidents this year
- In-school-suspensions, referrals to law enforcement, and "other" actions are occurring at a pace that would result in higher reportable incidents this year
- Drug and alcohol incidents are up compared to last year's data
- Assault/Fights, dangerous weapons, disobedience/defiance, detrimental behavior, destruction of school property, and "other" violations are down compared to last year
- These trends may change as the school year progresses.

This report is being presented for the purposes of information and discussion. No formal Board action is required.
